

General Freight Haulage

Offering a wealth of experience both in mine operation and in servicing the many needs of mining companies, SADA prides itself on being proactive in response to client requirements, with a quick decision making process born from years in the business. We understand projects from our clients' perspective and draw on our own knowledge and experience to think beyond the immediate and deliver trouble-free, seamless, integrated solutions on every project we undertake.

General Freight Haulage

SADA's general freight haulage division, Keyseckers Transport Pty Ltd, has been in operation for over 20 years, providing daily linehaul from Sydney and Newcastle depots to Mudgee, Gulgong, Kandos, Rylstone and other areas.

While offering tailored general freight transport services and large equipment haulage for the mining industry in the Mudgee Basin and the Upper Hunter Valley, Keyseckers also plays a major role in transport for the Mudgee region wine industry and has become the trusted transport service for these key regional industries, among other clients.

Support for the resources sector is further enhanced by Keyseckers' specialisation in the transport, Australia-wide, of explosives and dangerous goods.

Keyseckers' extensive expertise in this specialist transport area has seen the company become a trusted supplier for the transport of explosives and dangerous goods for both the government and private business.

Crane and Forklift hire, Floats and Drop Decks are also available through Keyseckers for the purposes of heavy haulage.

Operated with the same focus on customer service, satisfaction and determination to deliver that SADA Group brings to every project, Keyseckers Transport Pty Ltd offers a wide range of transport solutions and have become renowned for reliability, on-time delivery and cost-effectiveness.
